CONSTRUCTION

BUDGET 800 ROLLER BANNER

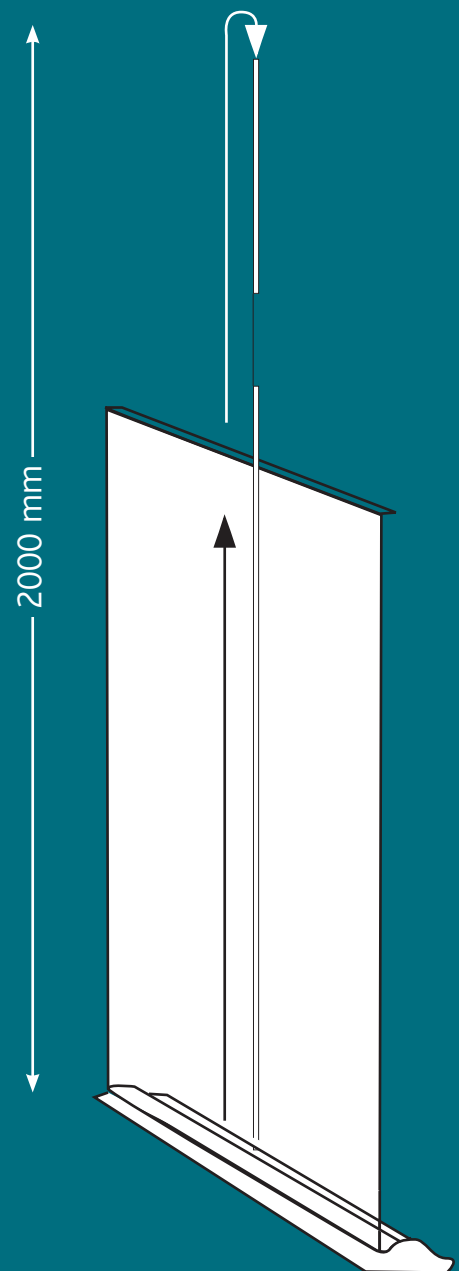

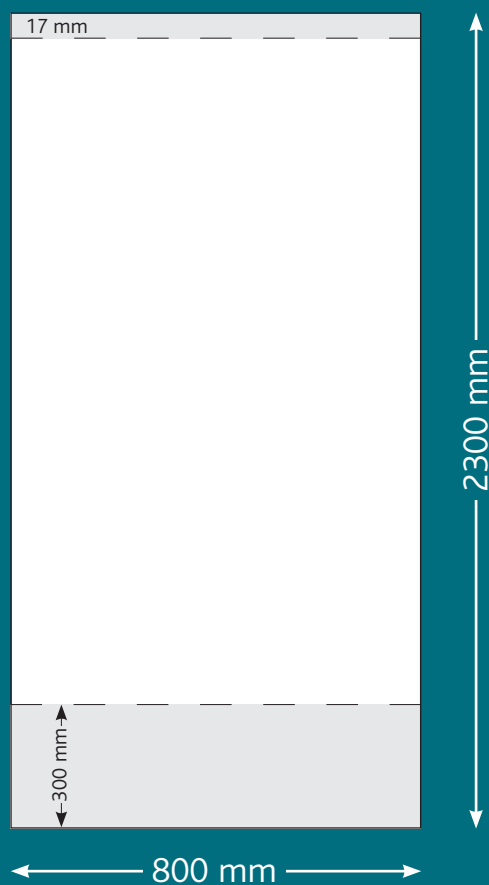

Artwork Specifications

ACTUAL VISUAL SIZE

Height 2000mm

Width 800mm

Please note that 300mm at the bottom of the 2300mm will act as bleed and will not show when your banner is constructed., it will cover any brief exposure when the banner is extended into its display position. 17mm at the top of the 2000mm is also obscured by the top rail so please position your artwork accordingly.

Please supply your file as a same-size hi-res PDF with images of at least 75 dpi.

Be sure to embed all fonts, or convert them to outline.

We do have all the major page layout and design software so can help with PDF generation if needed.

Please upload your files to www.fineprint.wetransfer.com
